

1 July 2017

Dear Max,

**THANK YOU AND ALL THE BEST**

This letter is to thank you and tell you how pleased and proud I am with your growth and performance at Trinax.

You started with no prior working experience and received no professional training as a software engineer but you were given the opportunity to join us because of your true passion in software development and motivation to succeed in life. Our decision was risky but in the end, it was mutually fruitful in many ways.

Although you were rebellious and playful, your sense of responsibility ensured that your work was always delivered in high quality, punctually. Gradually, you were given high profile assignments for clients such as DBS Bank, Nutrition Depot, Pocari Sweat and Macallan Whiskey. Well done!

Continue to acquire additional team-building skills so that you can demonstrate exceptional professionalism and conscientiousness about the power of collaboration and partnership.

I am confident that your future is bright and your future employer will have a great time working with you!

Yours Sincerely,

  
Joel Goh  
CEO
